

## Installing the Brackets on the wall

- 1 Prepare necessary items.
- 2 Make sure that the wall has enough space and is capable of supporting a weight of at least four times that of the TV.  
Refer to the following table on installing the TV to the wall. See page 15-17 (Specifications) for the TV's weight.

KDL-50W82xB, KDL-50W81xB, KDL-50W80xB, KDL-50W70xB

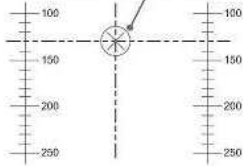

- 3 Make a mark on the Paper Template (A) that indicates the centre of the screen for your TV.  
Scale on Paper Template (A)

### Dimensions of the hole positions on the wall

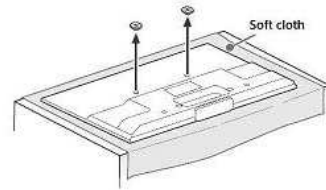

Provide the following information to the licensed contractors if necessary.  
Use screws (8 mm in diameter, not supplied) to install the Wall-Mount Base (B) on the wall.  
Be sure to use the supplied Paper Template (A) that shows the actual position of Wall-Mount Base for easy installation.

## Preparing for the installation of the TV

- 1 Remove screws from the rear of the TV. Be sure to store the removed screws in a safe place, keeping them away from children.

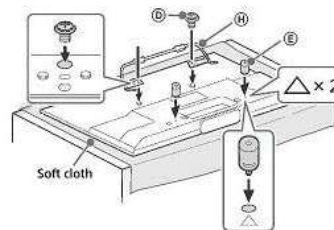

- 2 Insert the pin (on the Stand Protector (C)) into the hole on the Stand (H), then fold up the Stand Protector (C). Confirm the Stand Protector (C) is firmly latched to the Stand (H).
